MUJI DESIGN

The 'MUJI' series represents a collection defined by its dedication to a clean, uncluttered design philosophy with a meticulous focus on intricate details. This series places a strong emphasis on simplicity in its design, featuring a 3D wood grain texture that harmoniously complements the robust Stainless Steel Classic Black Mesh.

This combination not only ensures comfort but also delivers a heightened sense of design excellence, making it the ideal choice for employers and designers seeking a seamless blend of aesthetics and comfort.

ELITE COLLECTION

MESH

Introducing our Mesh Design, a seamless blend of innovation, aesthetics, and simplicity. Crafted to perfection, it combines black stainless steel mesh, a sturdy SUS 304 universal handle, and a double-watts design mesh frame to create a truly exceptional door.

Beyond its practicality, our Mesh Design transforms the concept of a 'door within a door' into functional works of art. It's meticulously crafted to enhance the aesthetics of your space while providing you with peace of mind.

Elevate your space with the perfect combination of elegance, security, and durability. Our Mesh Design represents the epitome of style and safety.
